Director

James F. Gallant

Dean

To the Graduating Class of 1973:

Congratulations. As you approach the culmination of your education at Essex, I am sure you realize that you were here during one of the most trying yet exciting periods in the history of the Institute. The uncertainty of the Associate Degree was not resolved until the beginning of your Senior year. Then came the trying experience of transferring from the Certificate to Associate Degree programs, resulting in night classes, extended school year and qualifying examinations.

It was my privilege to work with you during this transition, and it was gratifying to see your dedication of purpose and spirit.

My personal thanks go to the members of the Student Council and the Staff of the "Midnight Rambler" for their fairness and cooperation. It is because of the diligence of these two groups that your ranks will be swelled by more than sixty former graduates who will receive their Associate Degree with you on Graduation Day.

As you leave Essex, I wish each of you the best of luck and every success.

Sincerely,

Raymond F. Potter

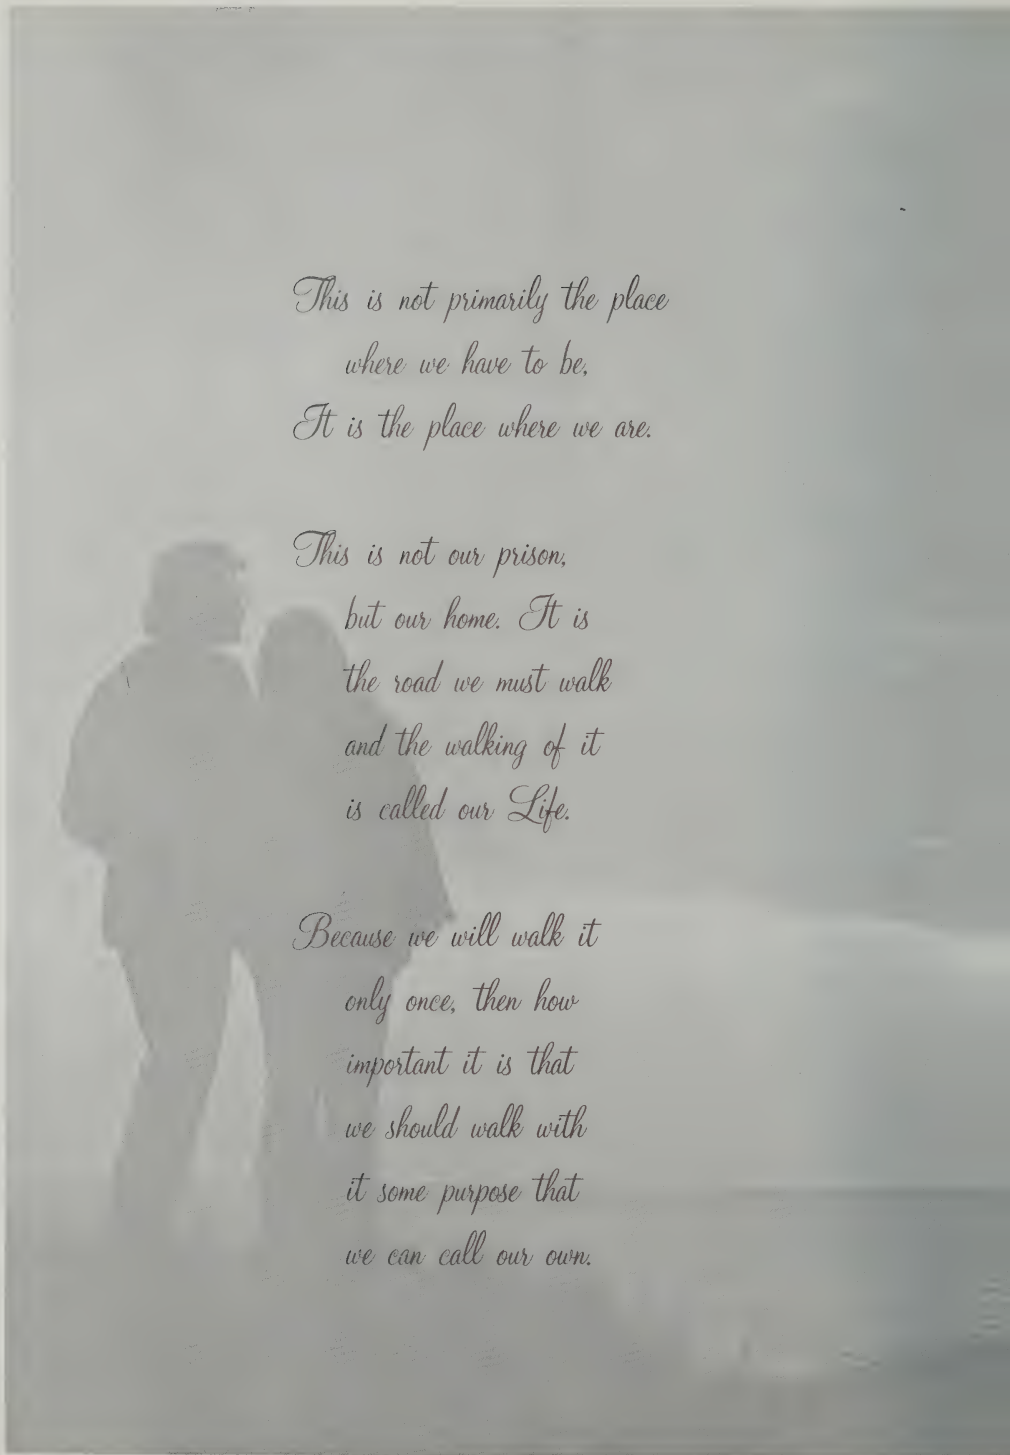
A Friend



This is not primarily the place
where we have to be,
It is the place where we are.

This is not our prison,
but our home. It is
the road we must walk
and the walking of it
is called our Life.

Because we will walk it
only once, then how
important it is that
we should walk with
it some purpose that
we can call our own.
